I have prepared a covering letter, which describes the project as well as the activity, which were carried & asked all of them to send back the feed back form of how they found the activity useful.

I have arranged to dispatch all the material by post & courier.

I will wait for a few days and then contact all of their person once again for their feedback & their comments.

There are still 10-15 universities who can be sent the materials. I am sure you will consider this & see how you can assist me. I am an interested partner & willing to take the project to many more people & agencies.

I will keep you informed of all the comments & suggestions.

Dr. Jagdish C. Sobti
